

CHECKLIST Bachelor of Engineering (Honours) – Chemical & Materials Engineering (2342): Completion of pre-2021 program

IMPORTANT Notes:

- The information contained in this document is intended as general advice only. Students must follow the program rules & requirements listed on the [Programs and Courses Website](#) relevant to the year they commence. This planner must be used in conjunction with your program duration course list and program rules.
- Students need to check future course offerings, prerequisites, incompatibilities and restrictions for all courses as these are subject to change.
- Students cannot take courses that are incompatible with courses already counted towards their program, and cannot count the same course twice.

You must complete for the BE(Hons) (Chemical & Materials Engineering Plan code: CHMATW2342), 64 units comprising –

- (i) 58 units being all courses from [part A](#) - compulsory (listed below), and
- (ii) 2 units from [part B4](#) - advanced electives, and
- (iii) 4 units from electives

PART A

Tick the courses you have completed and nominate the alternative course you plan to choose (if required). Discontinued courses are coloured red.
